

## Appendix C Water Quality Monitoring Data Trending

# Salinity (Depth-averaged) during MID-EBB

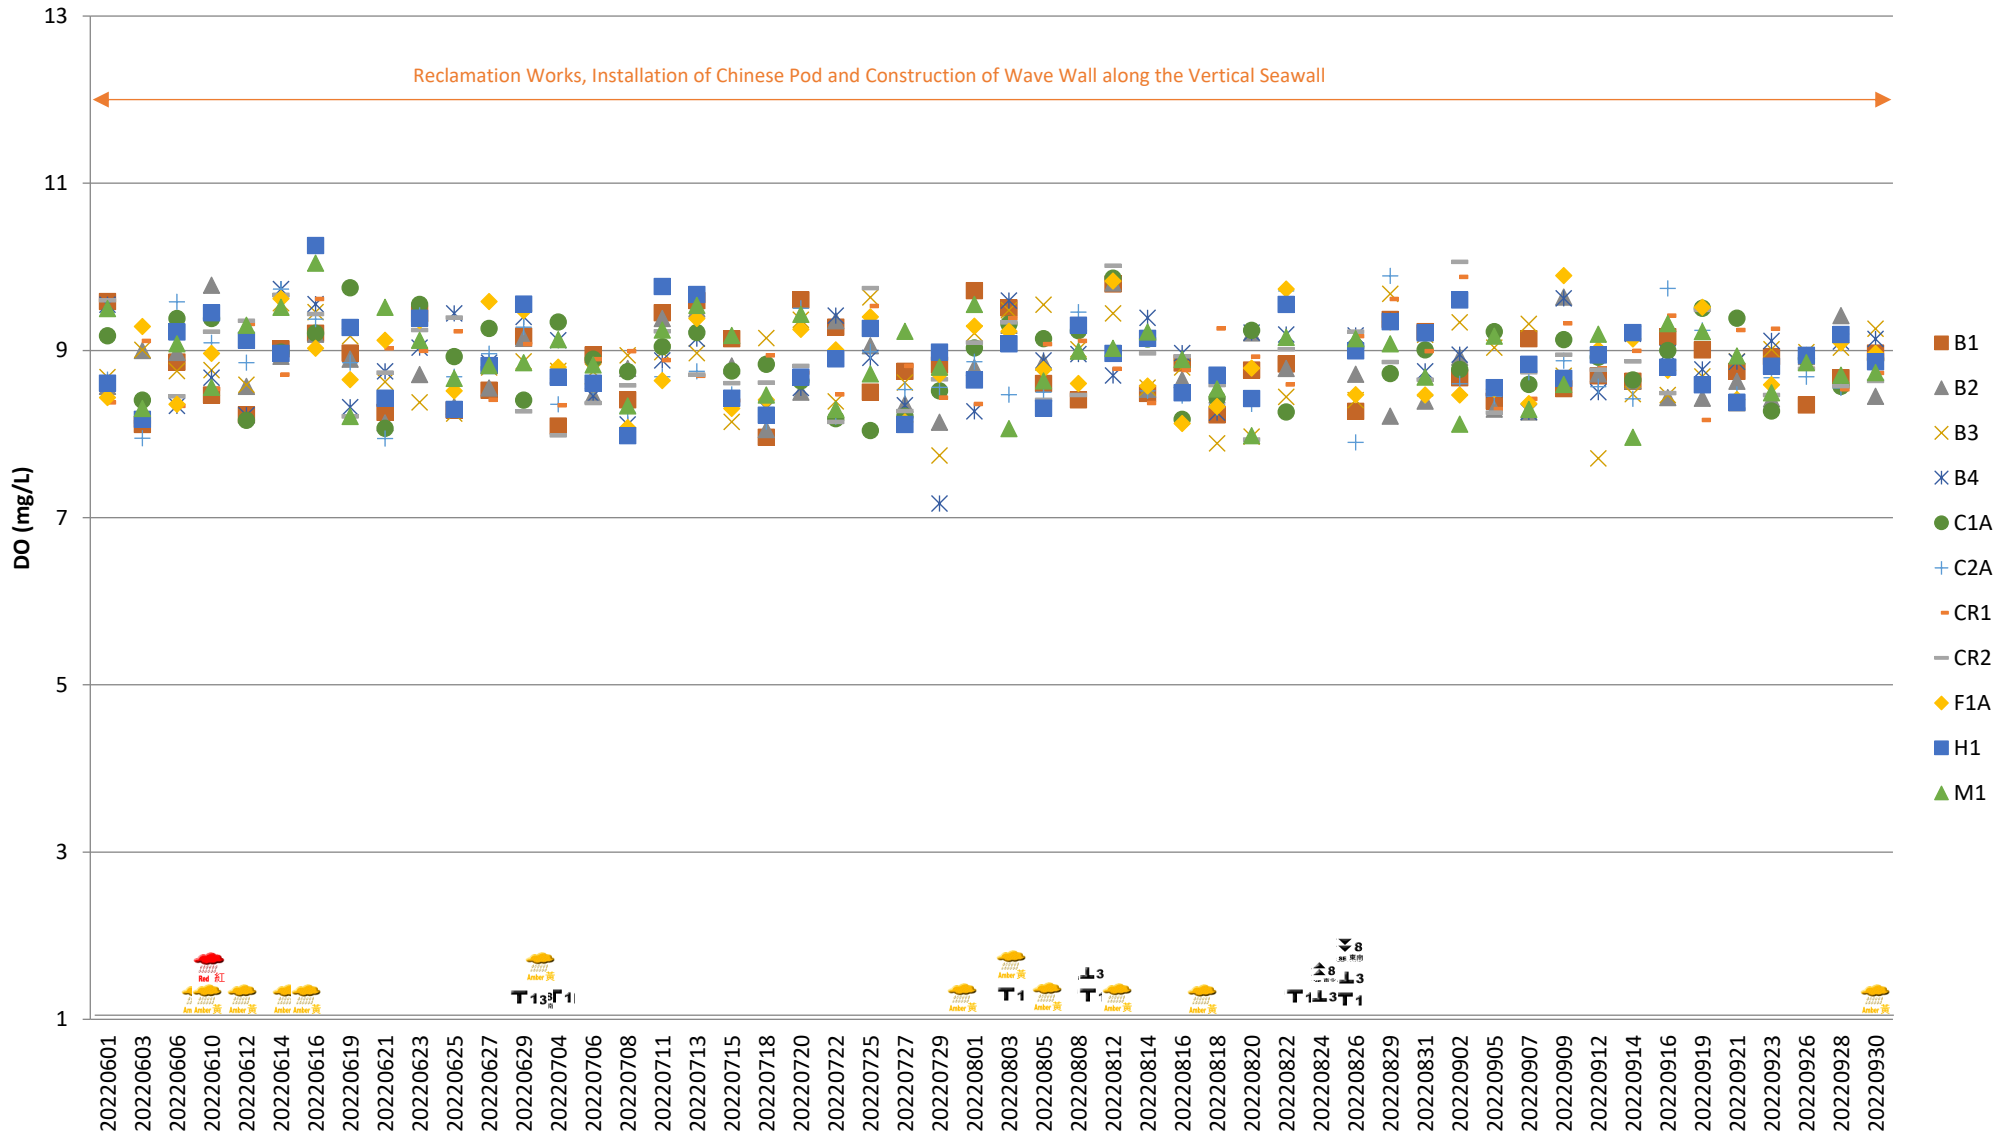

# Dissolved Oxygen (Surface & Middle) during MID-FLOOD

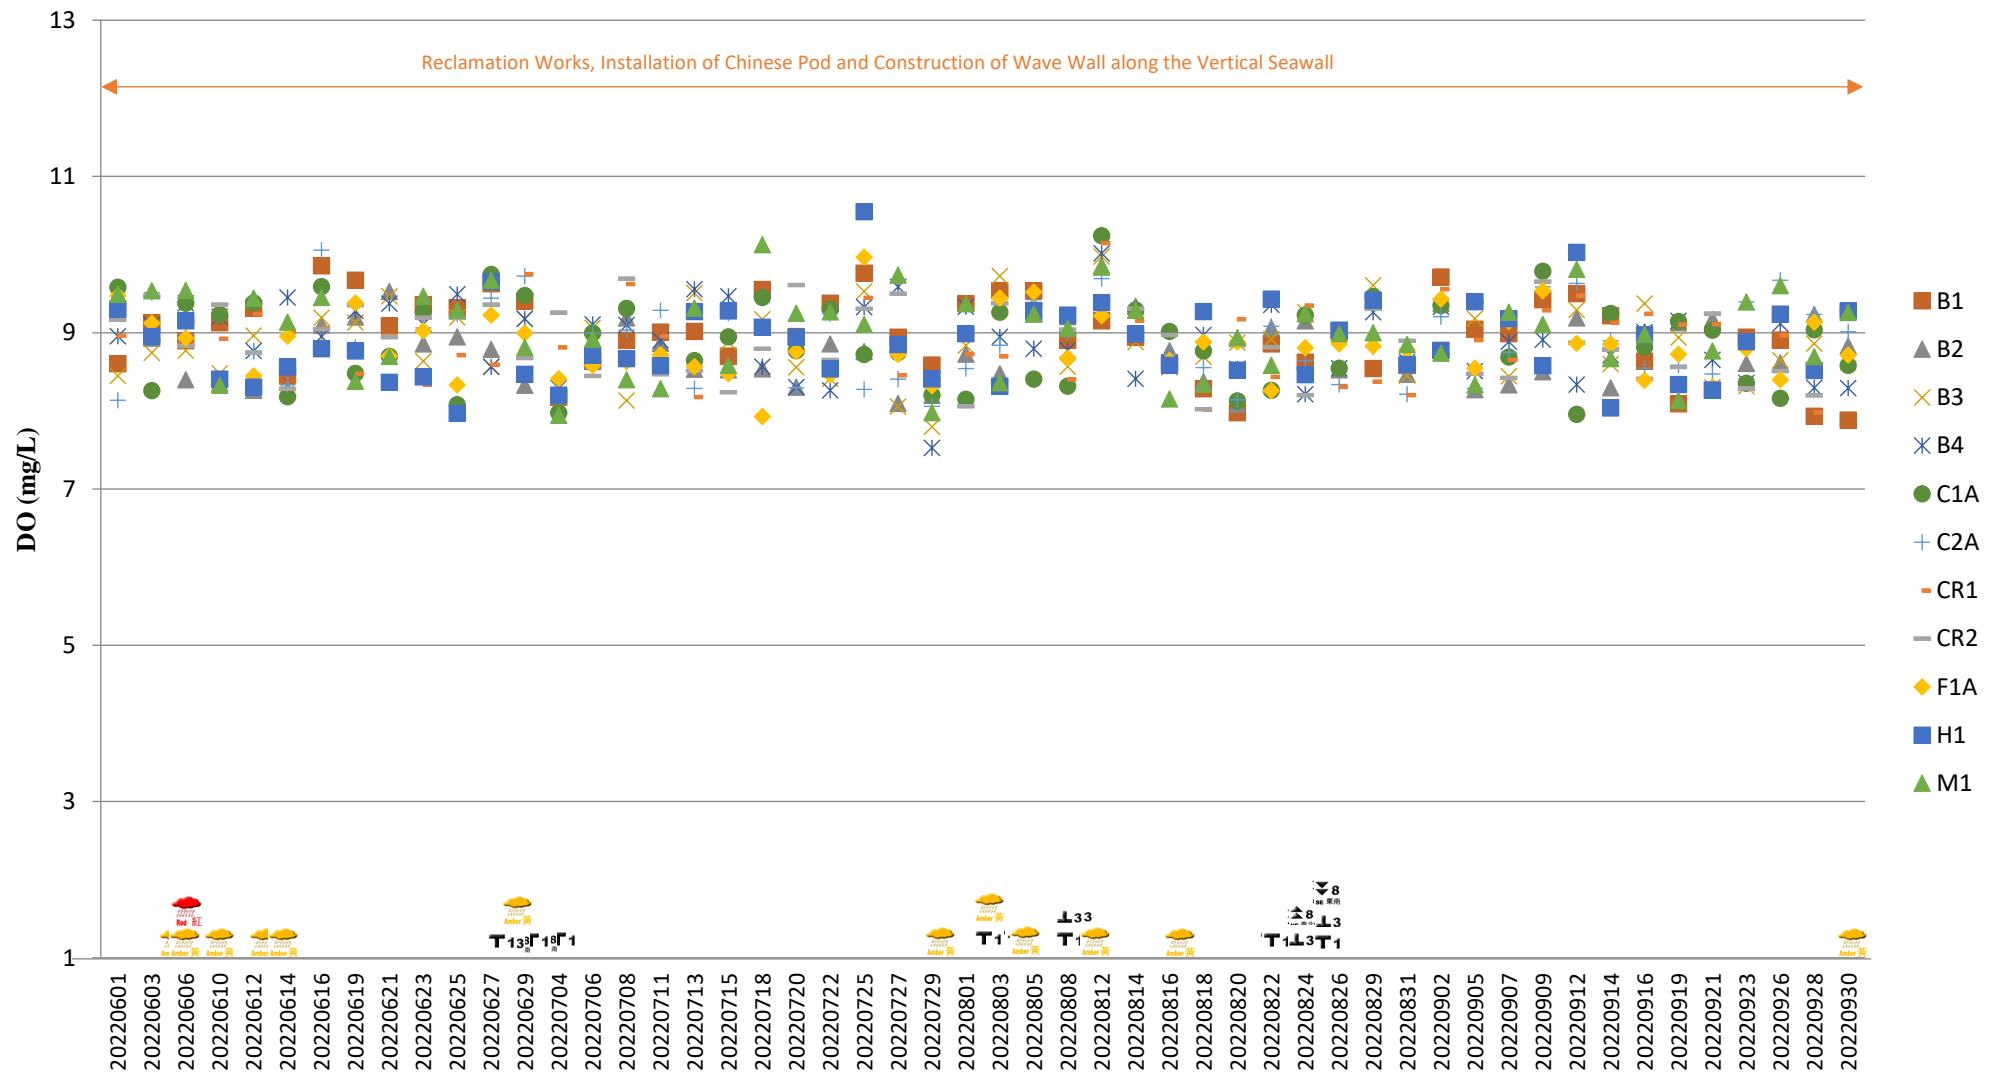

# Dissolved Oxygen (Bottom) during MID-FLOOD

Note:

1. The Action and Limit Levels of dissolved oxygen can be referred to **Table 2.3** of the quarterly EM&A report.

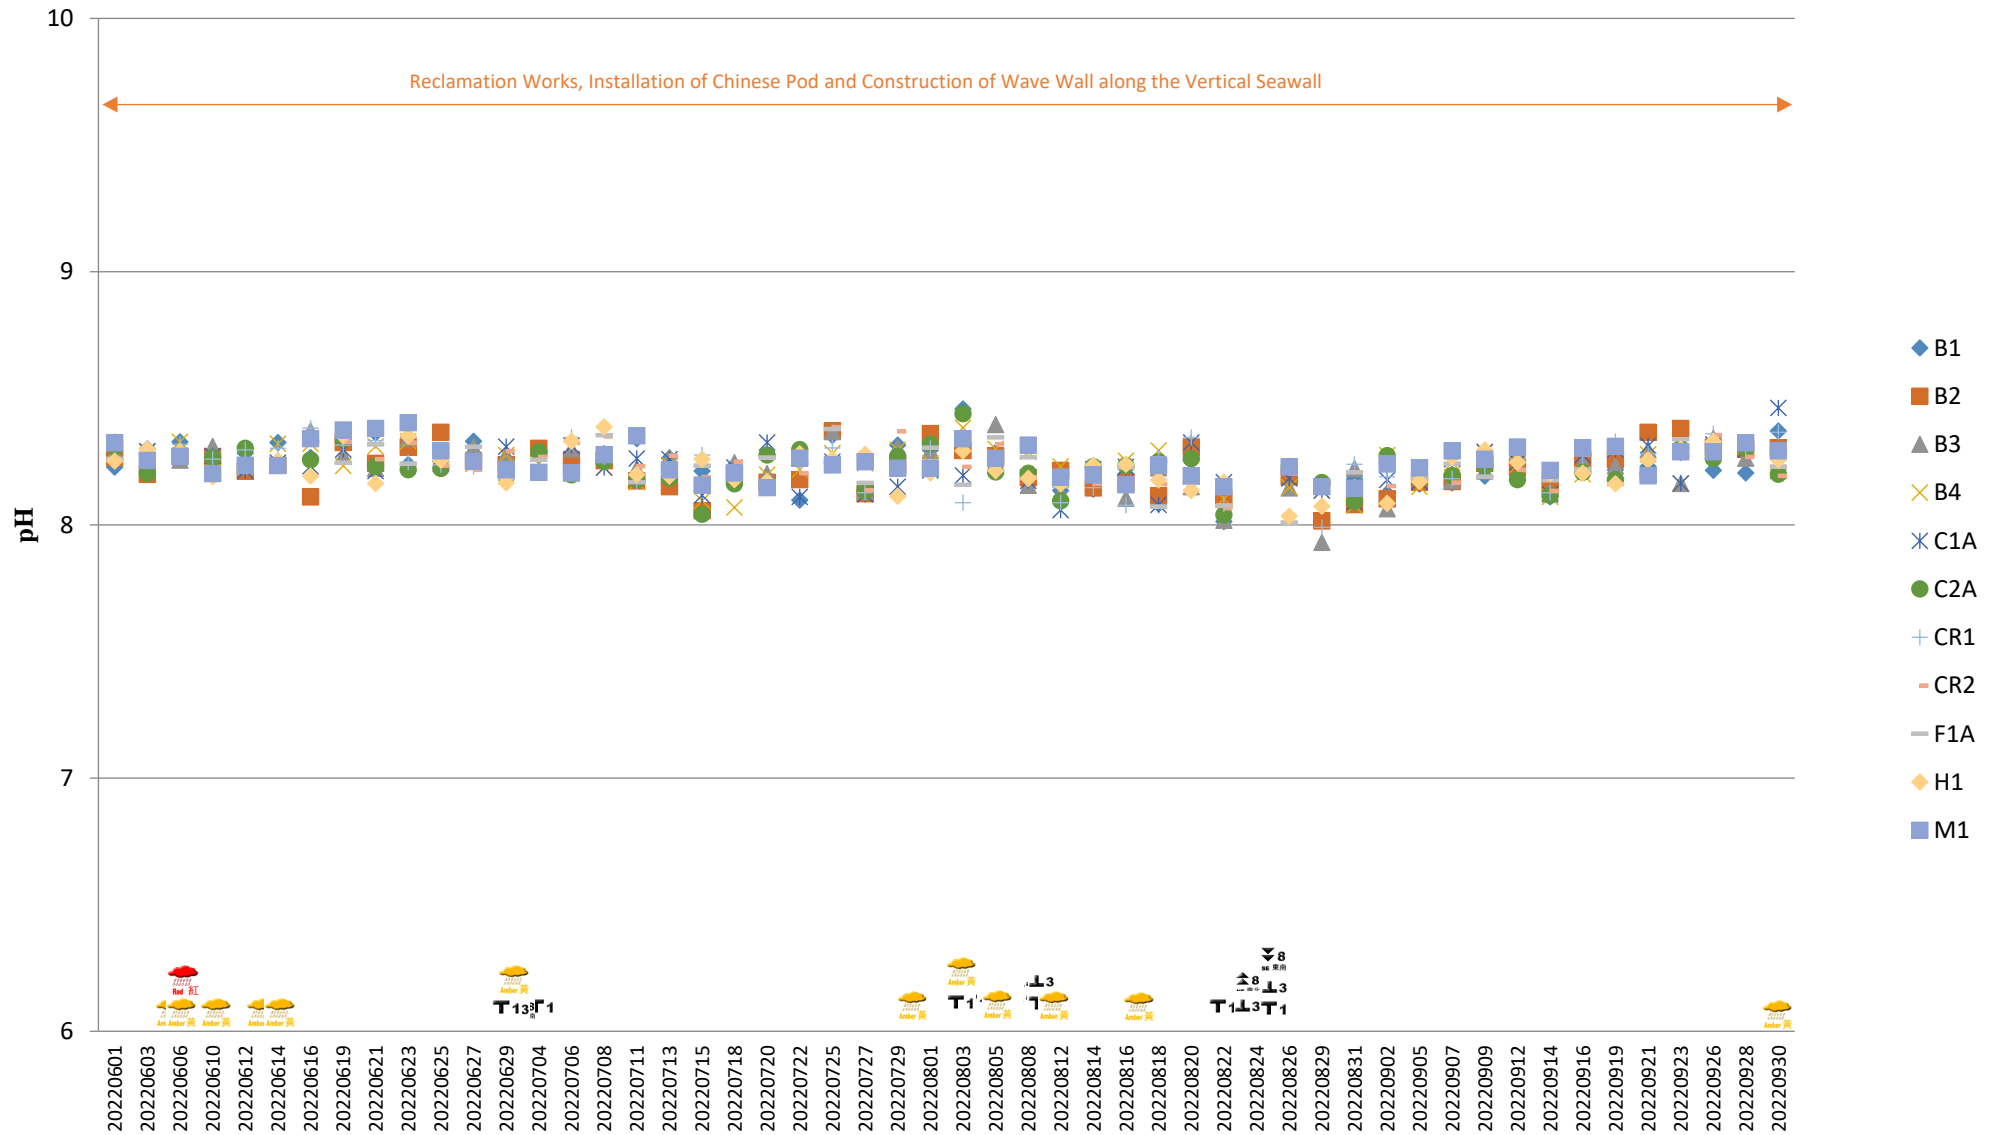

# Dissolved Oxygen (Bottom) during MID-EBB

Note:

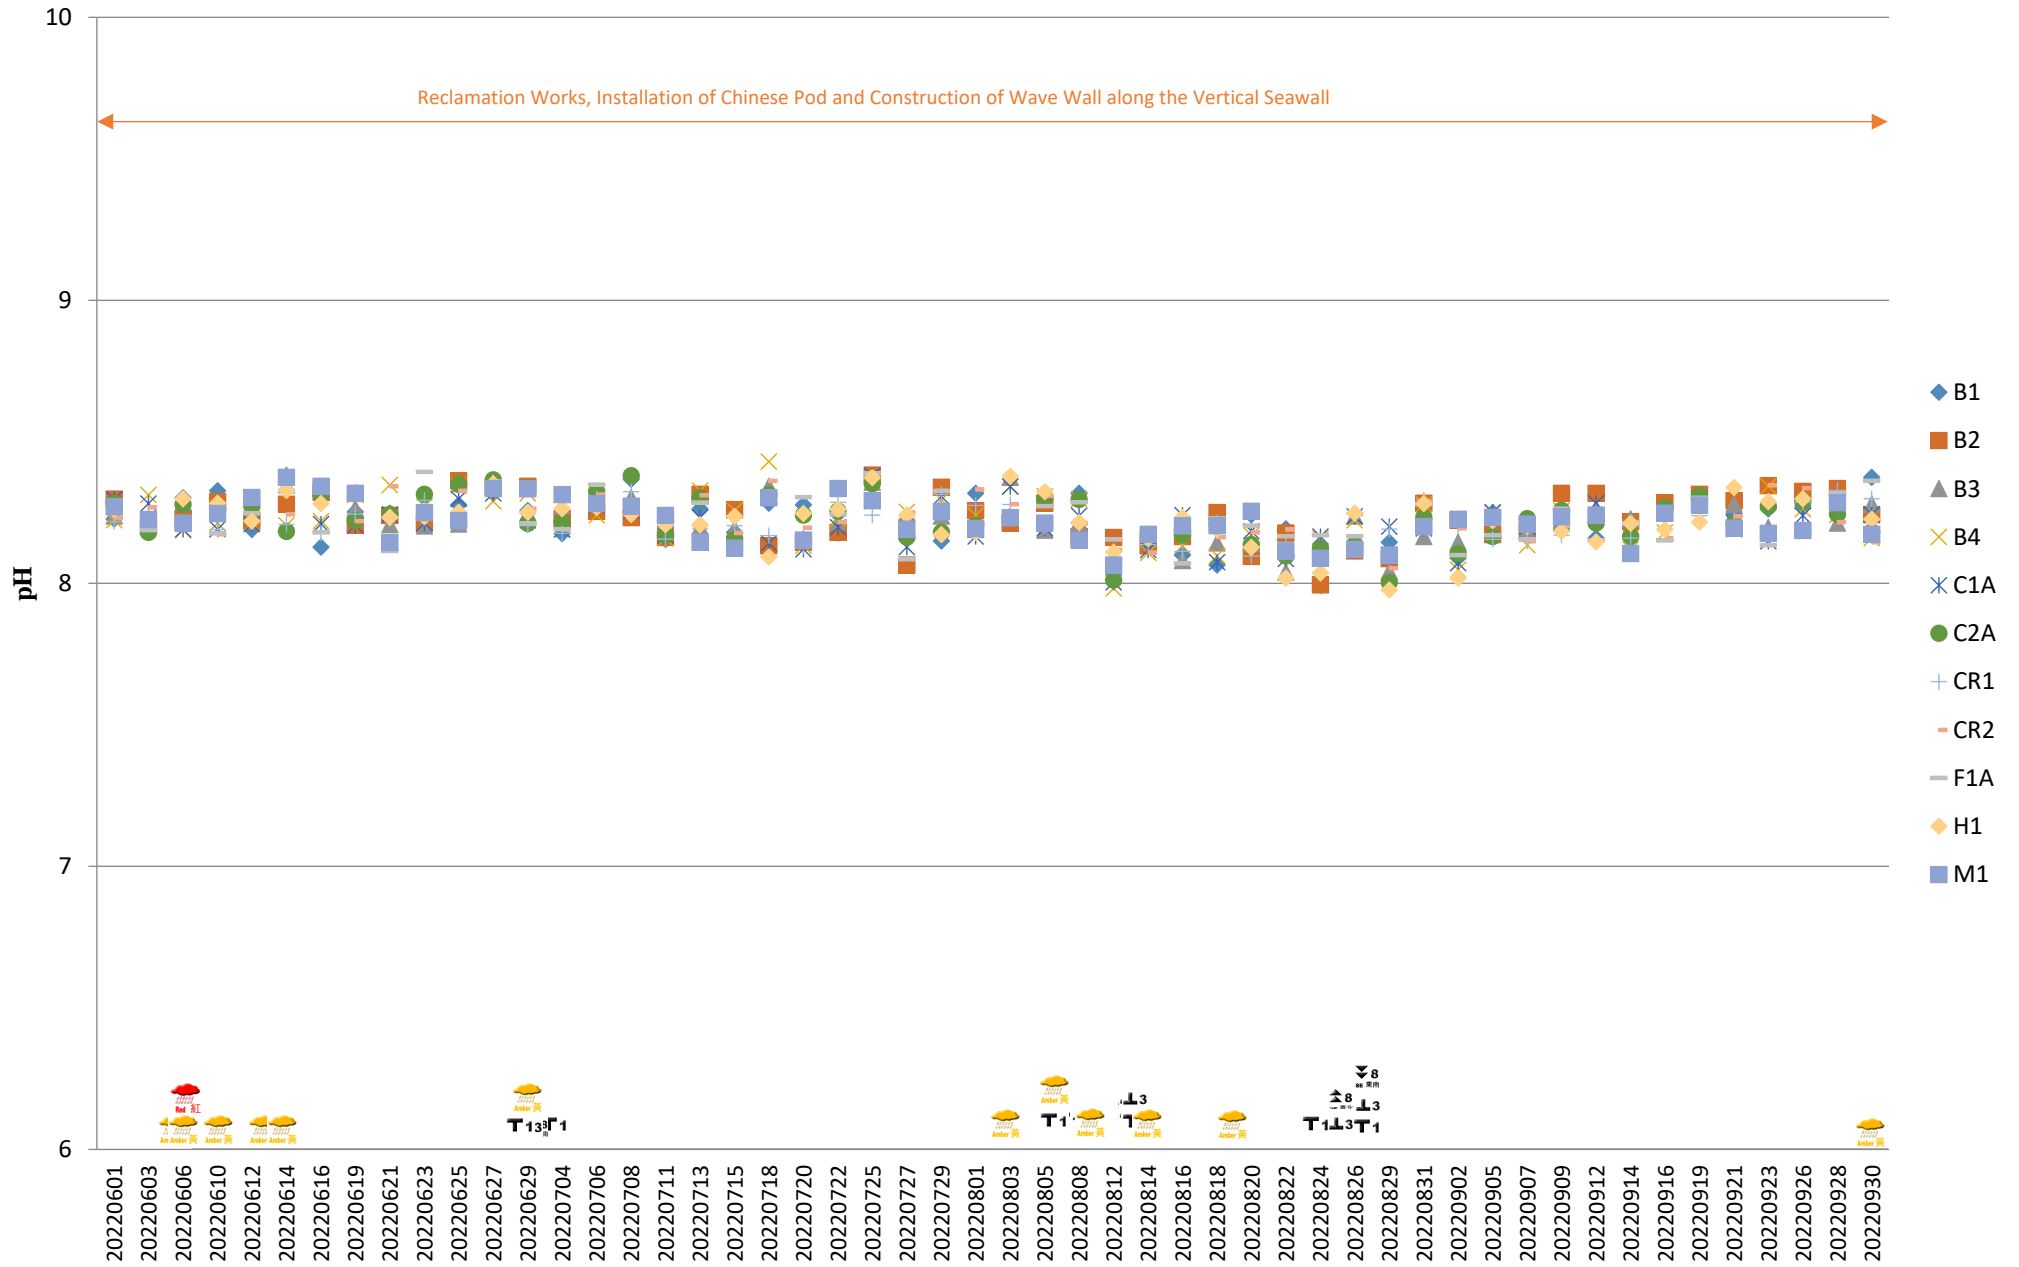

- The Action and Limit Levels of dissolved oxygen can be referred to **Table 2.3** of the quarterly EM&A report.

# pH (Depth-averaged) during MID-FLOOD

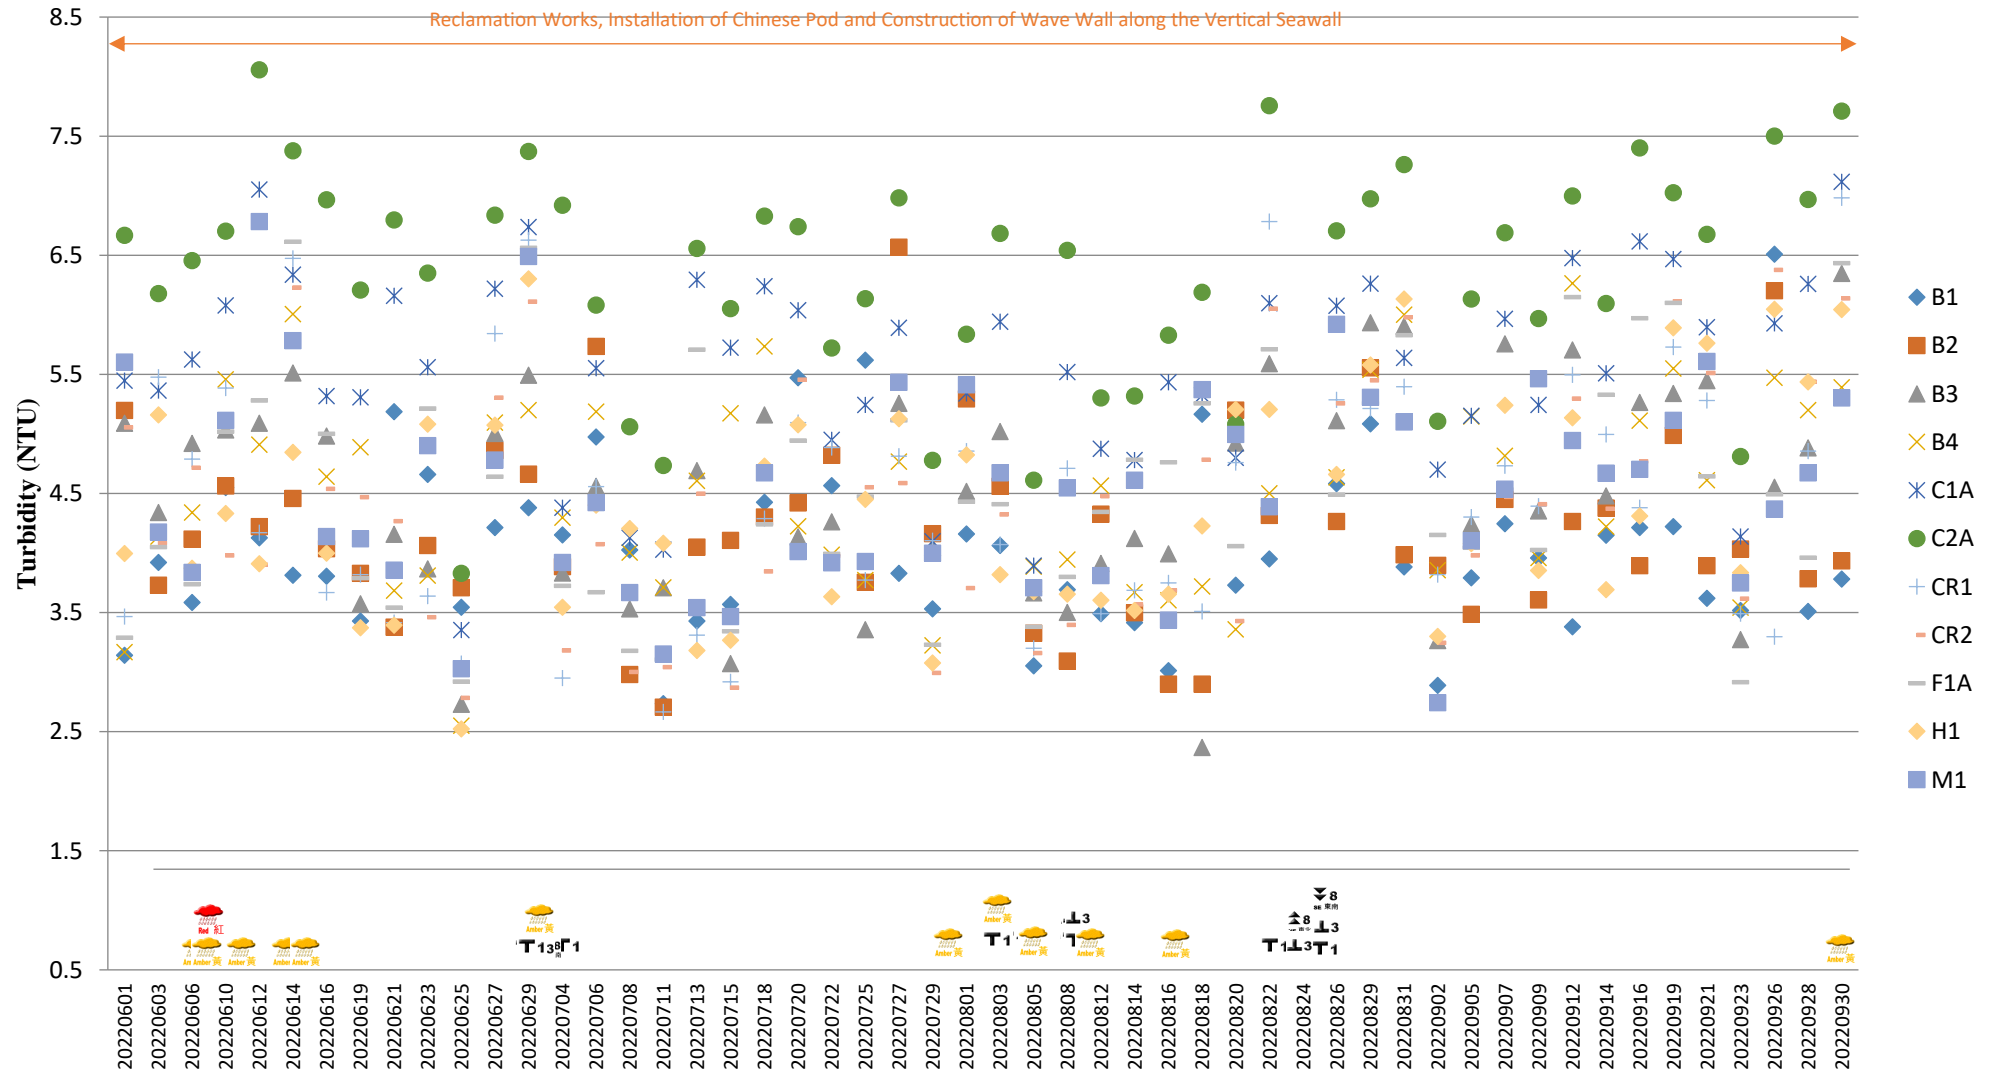

# pH (Depth-averaged) MID-EBB

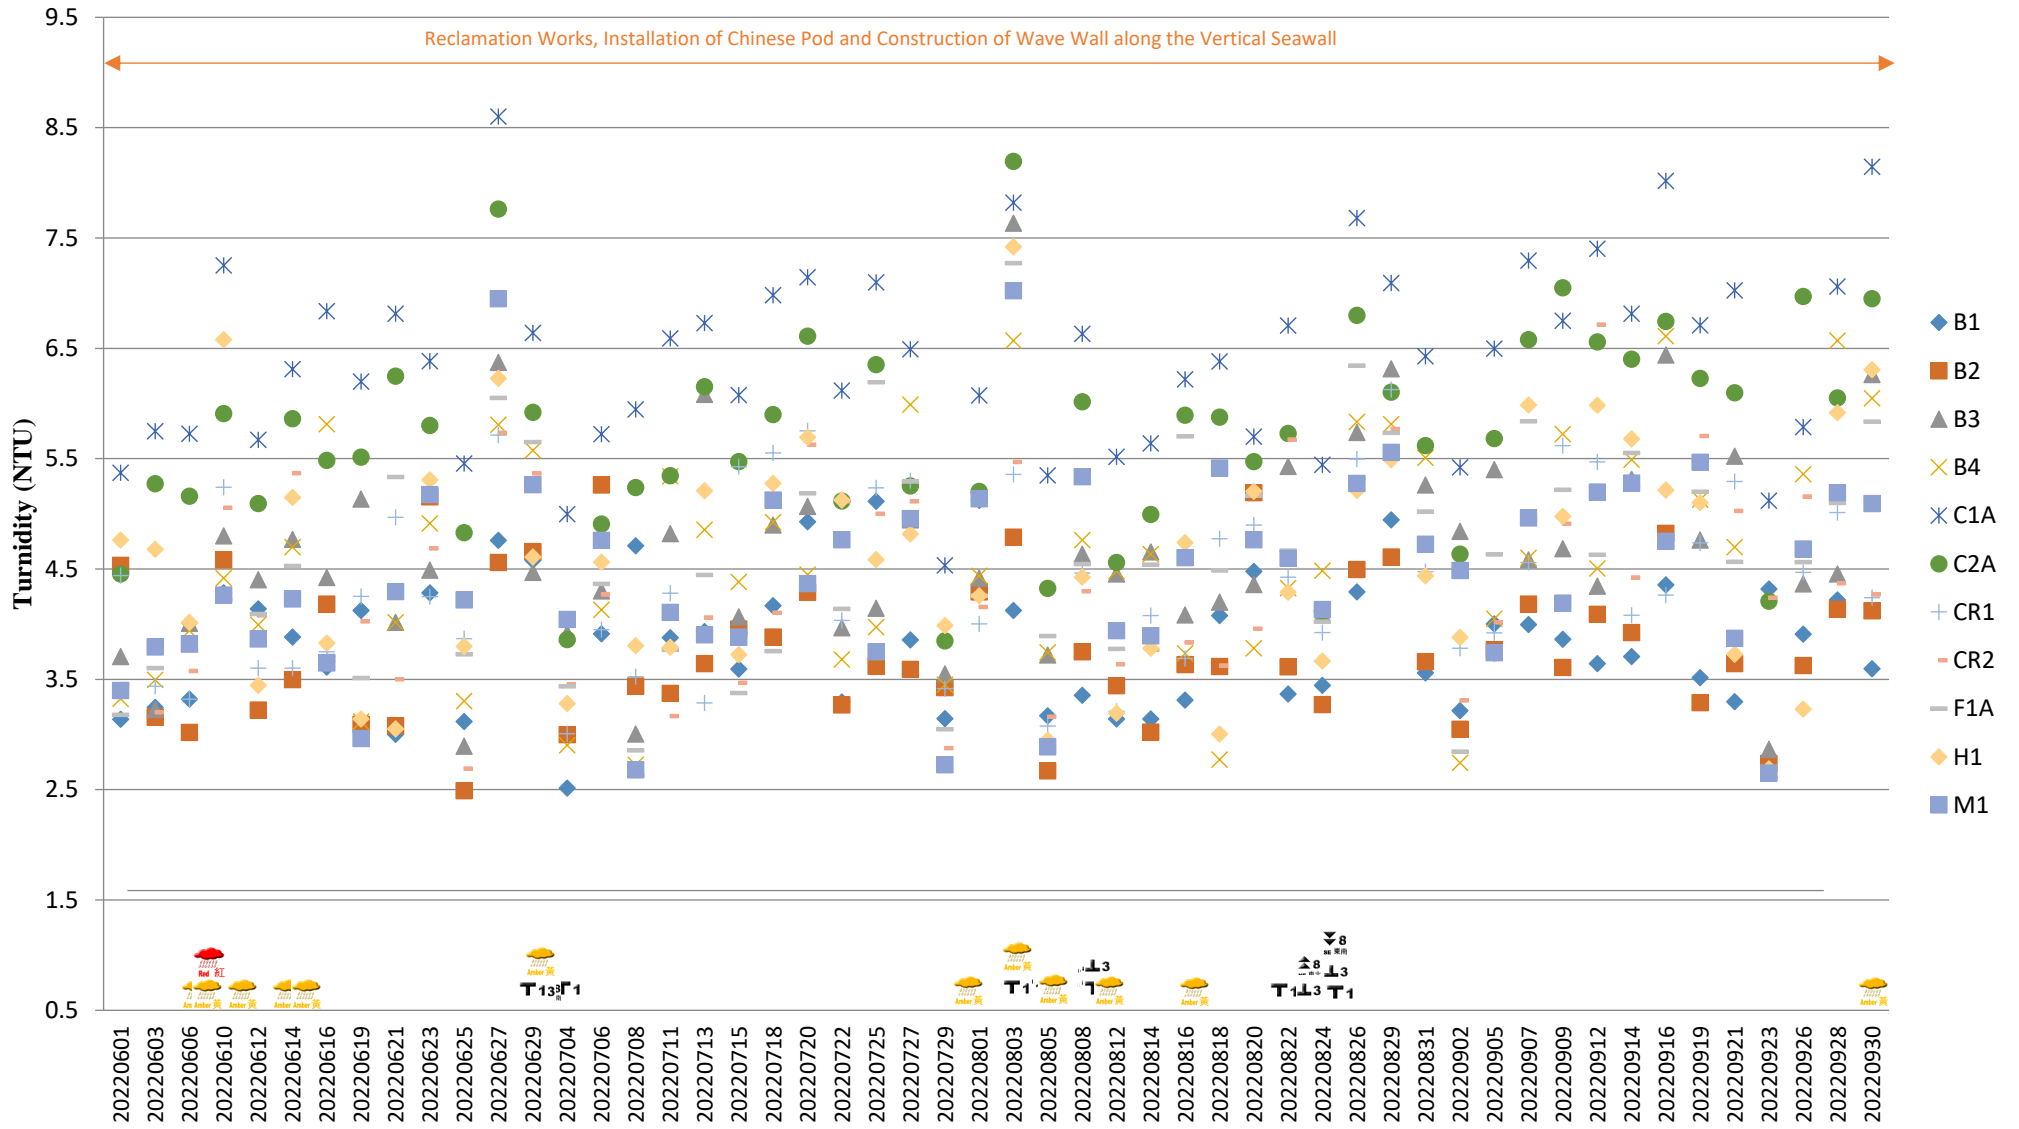

# Turbidity (Depth-averaged) during MID-FLOOD

Note:

1. The Action and Limit Levels of turbidity can be referred to **Table 2.3** of the quarterly EM&A report.

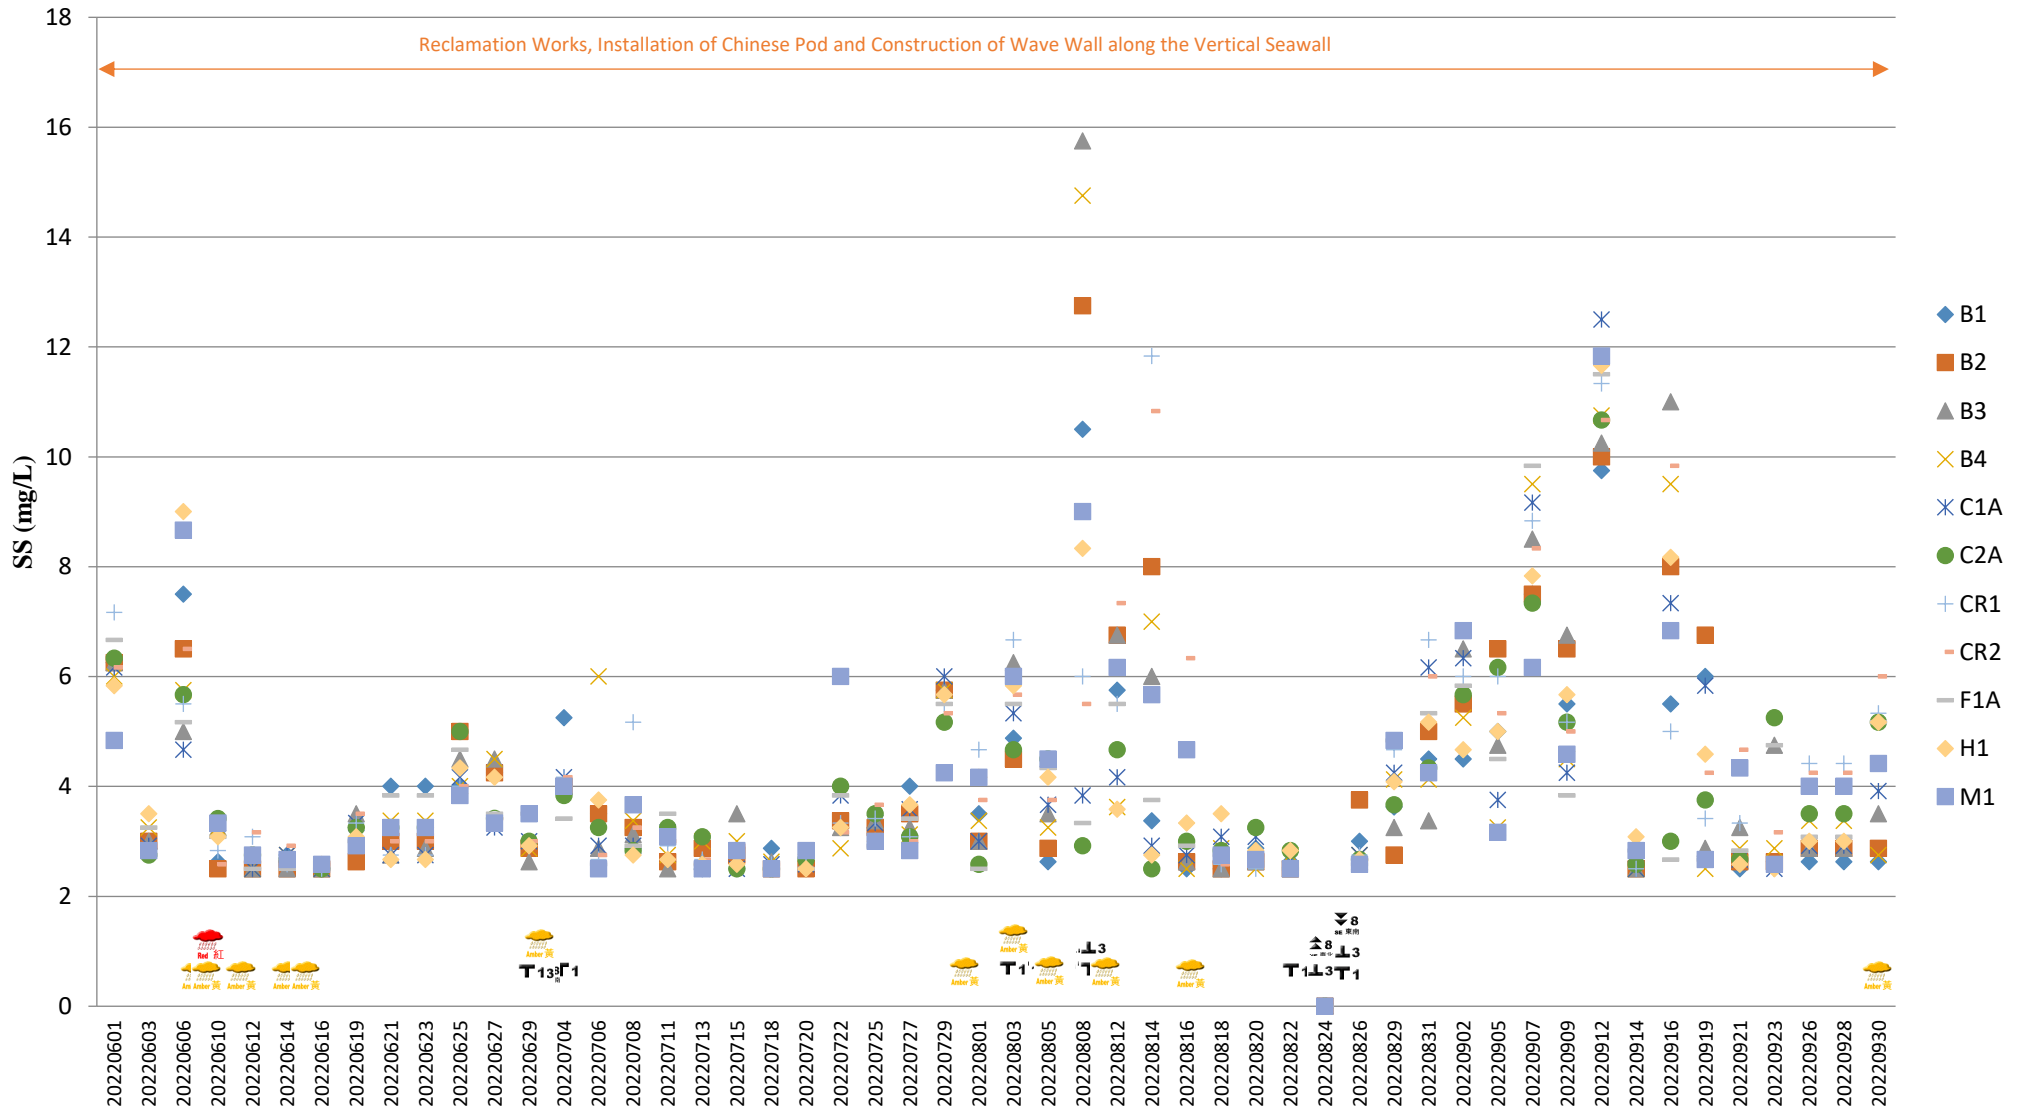

# Turbidity (Depth-averaged) during MID-EBB

Note:

1. The Action and Limit Levels of turbidity can be referred to **Table 2.3** of the quarterly EM&A report.

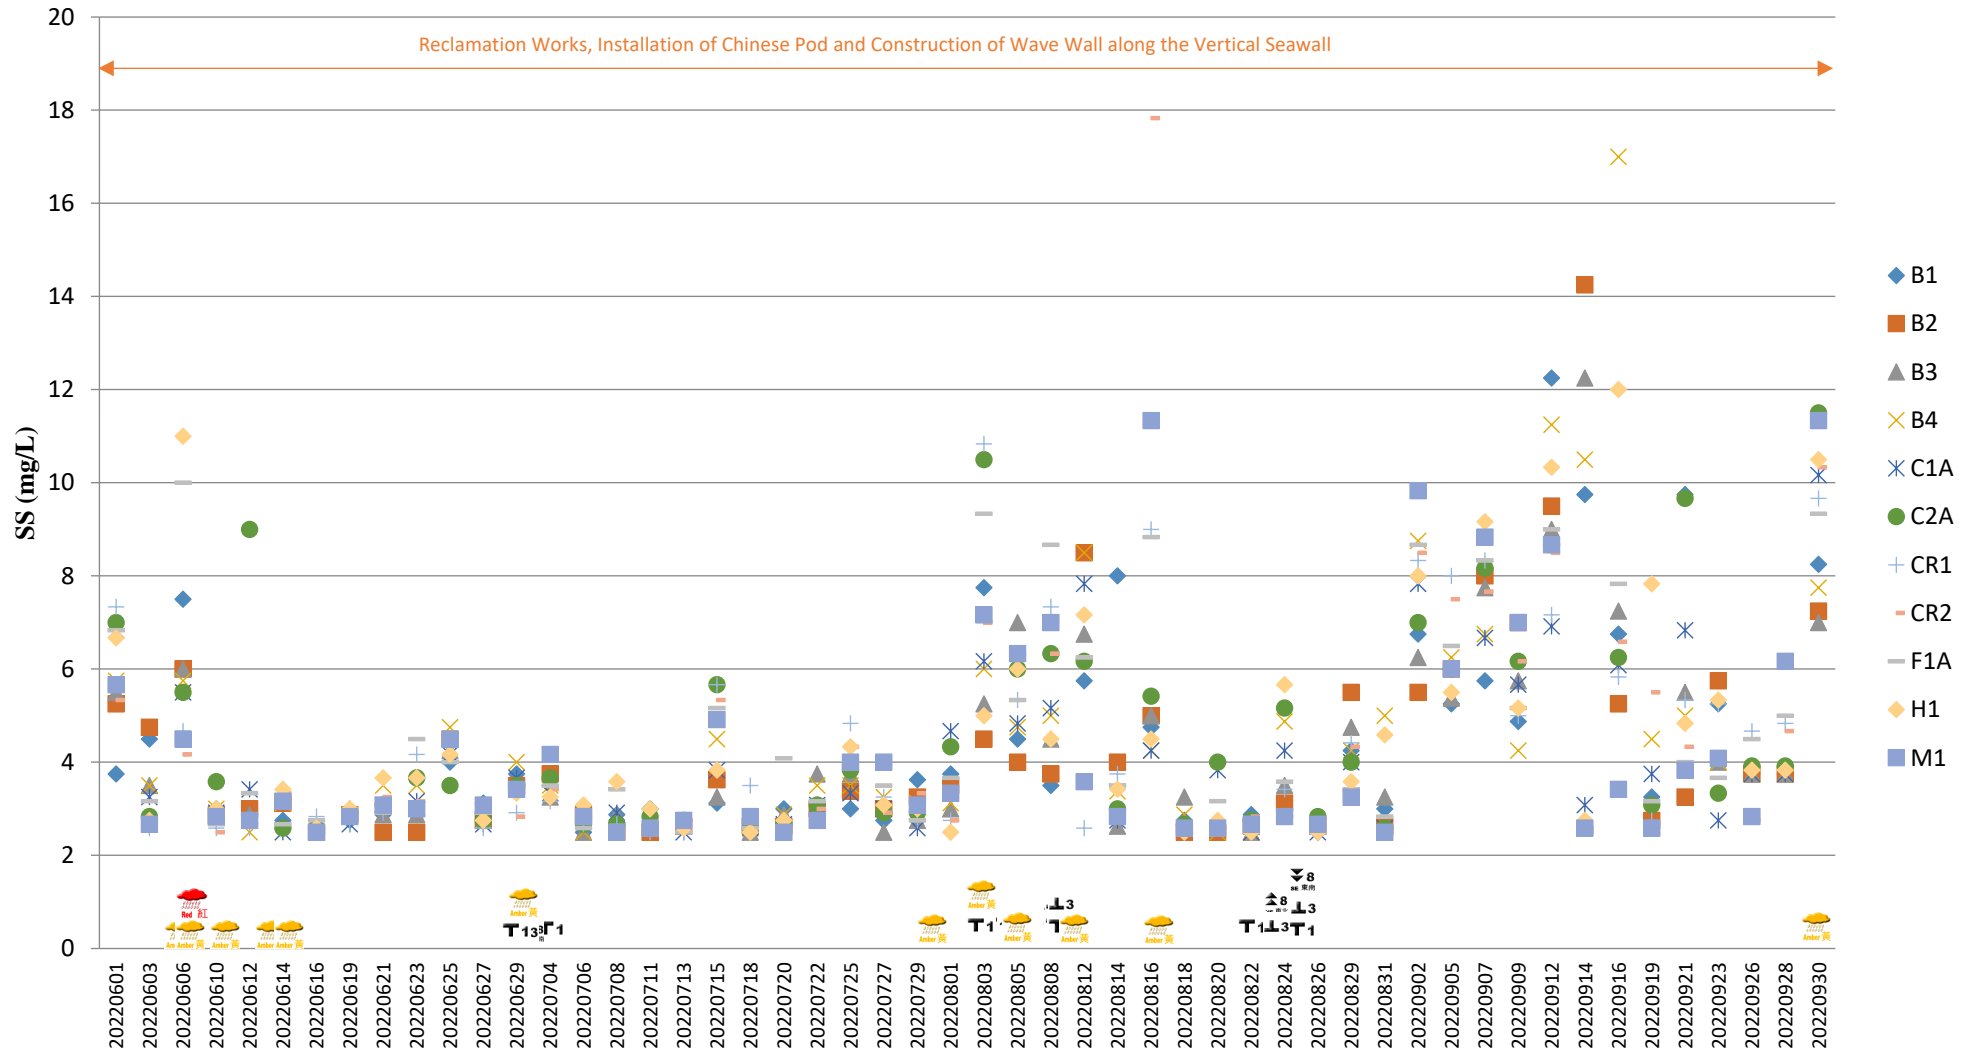

# Suspended Solids (Depth-averaged) during MID-FLOOD

Note:

1. The Action and Limit Levels of turbidity can be referred to **Table 2.3** of the quarterly EM&A report.

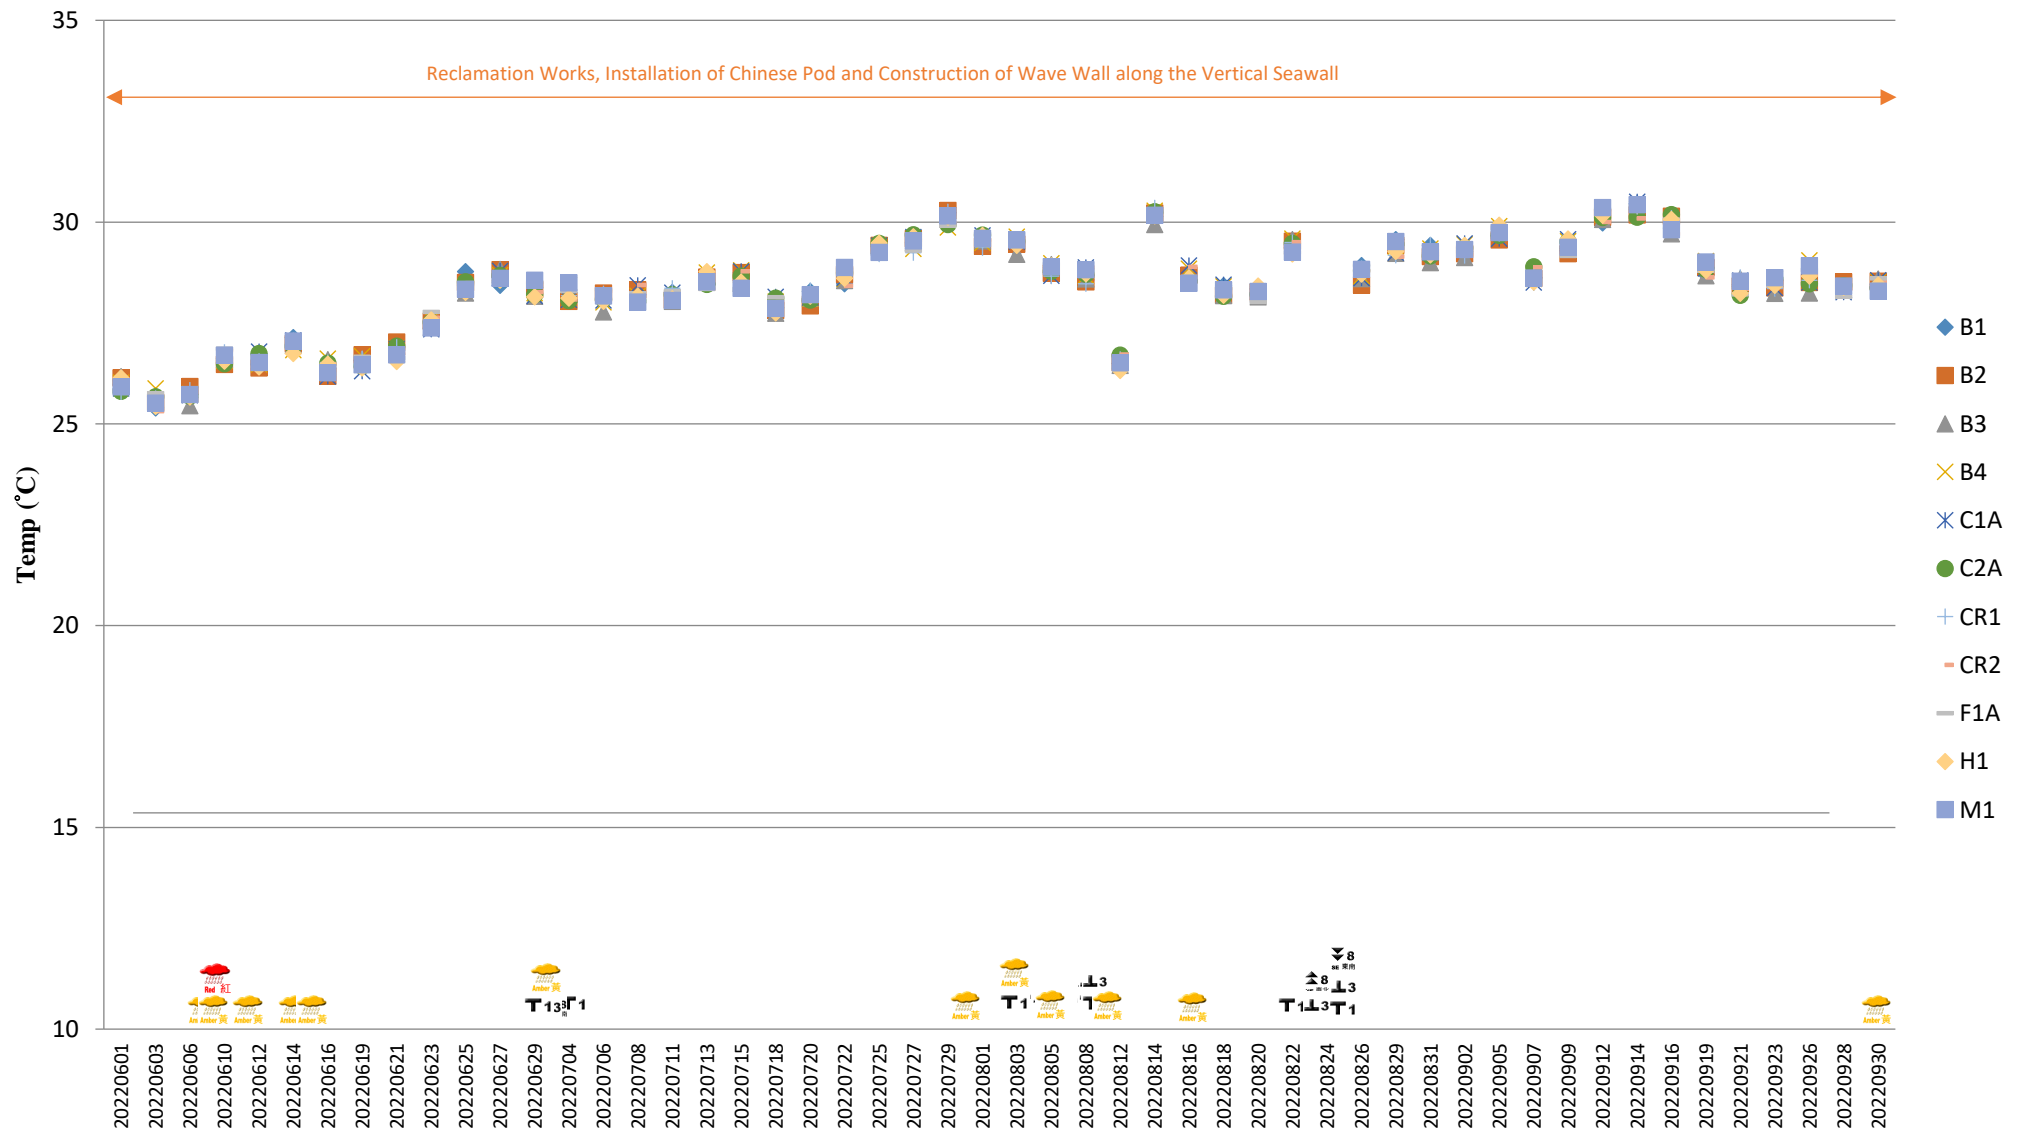

## Suspended Solids (Depth-averaged) during MID-EBB

Note:

1. The Action and Limit Levels of turbidity can be referred to **Table 2.3** of the quarterly EM&A report

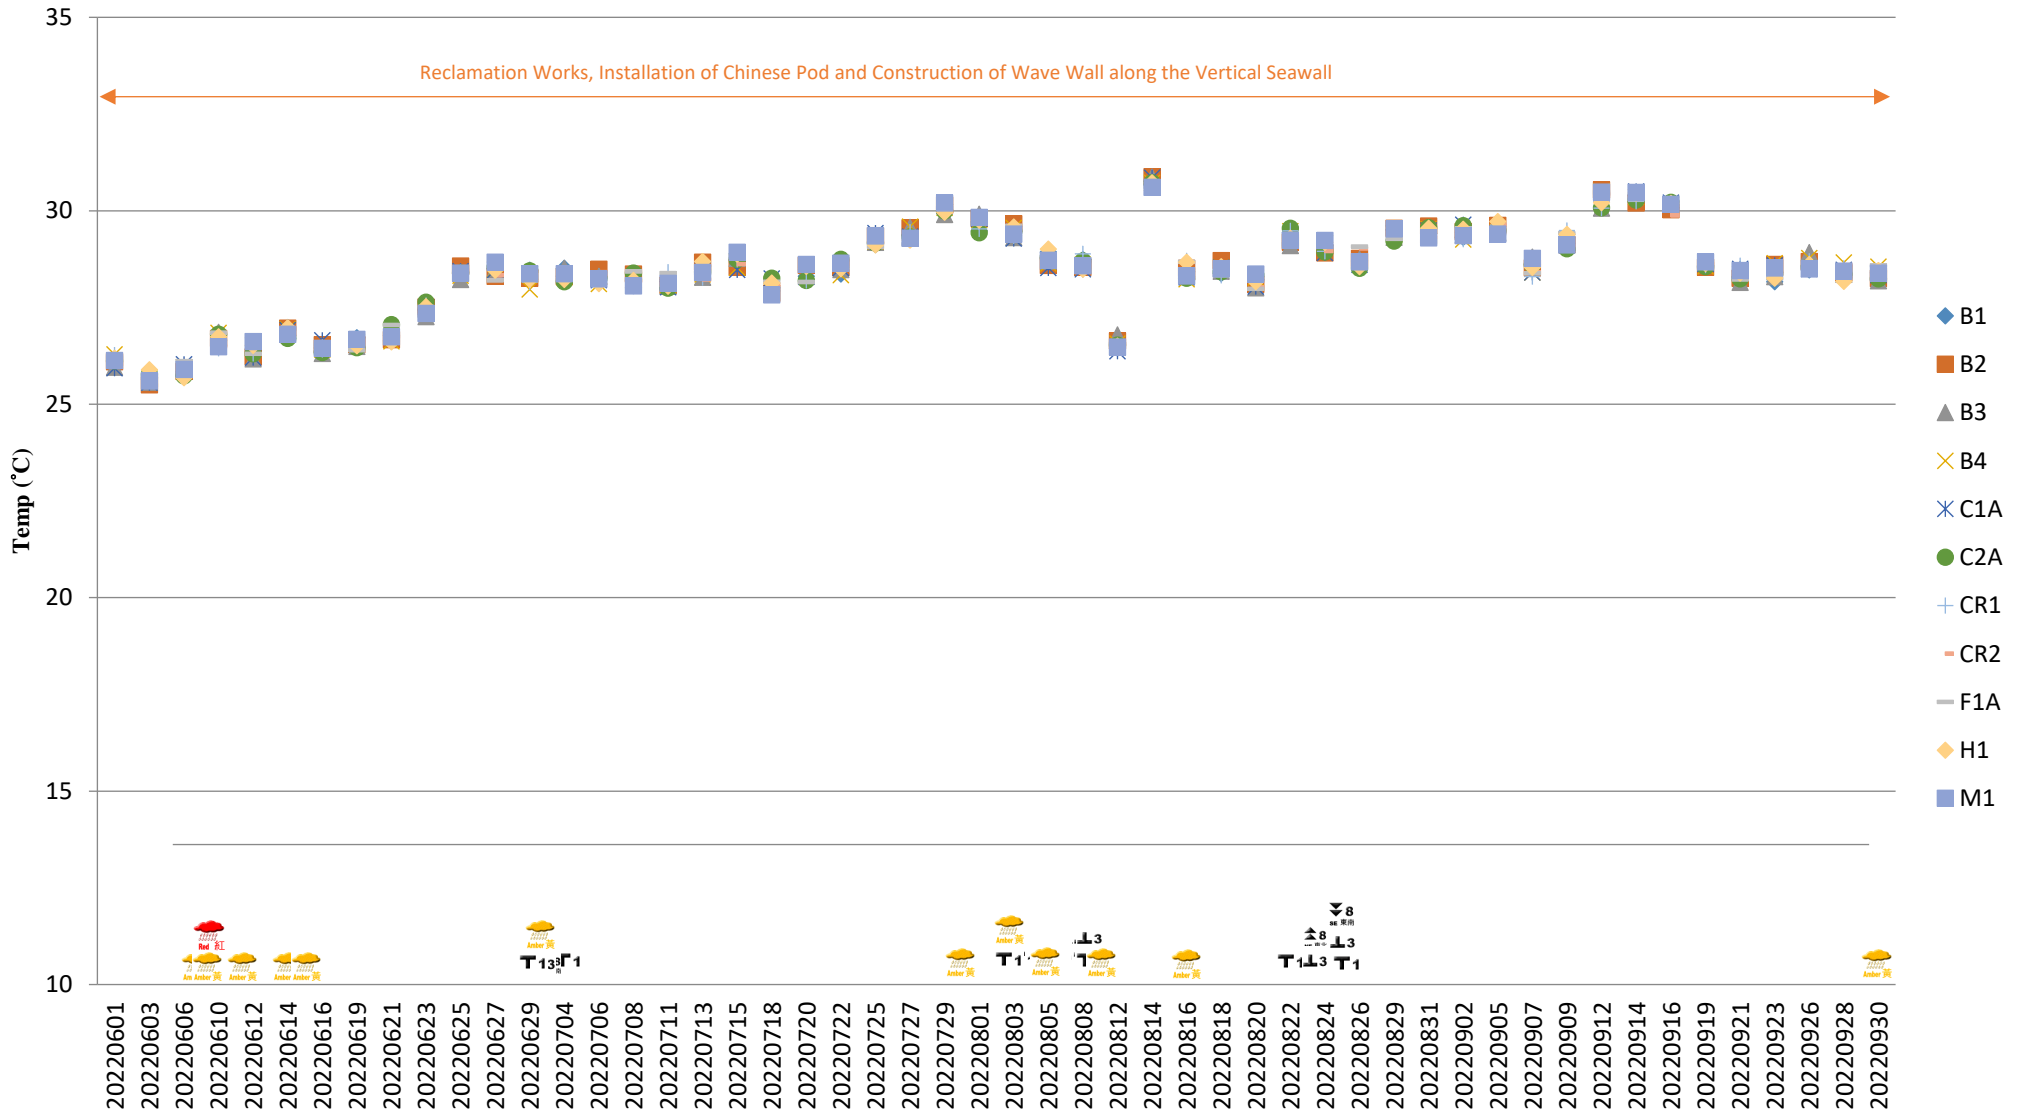

# Temperature (Depth-averaged) during MID-FLOOD

Note:

1. The Action and Limit Levels of temperature can be referred to **Table 2.3** of the quarterly EM&A report.

# Temperature (Depth-averaged) during MID-EBB

Note:

1. The Action and Limit Levels of temperature can be referred to **Table 2.3** of the quarterly EM&A report.
