Remarks:

1. Daytime Noise Monitoring (07:00-1900), Evening Time Noise Monitoring (1900-2300), Night Time Noise Monitoring (2300-0700)

2. Water Quality Monitoring for S1,52 and S3 will only conduct during DCM works, refer to Detailed DCM Plan

- Note:

 * as per Marine Department Notice No 107 of 2018, all vessels employed for the works should stay in the works area outside the hours of works (0700 to 2300). Due to safty concern, Water Quality Monitoring would start at 0800.

 # Prioritized routing: Mid-Ebb: C1-953-CR2-CR1-9H1-9Remaining stations and Mid-Flood: C2-CR1-953-CR2-9H1-9Remaining stations

 \$ Since predicted tide is shorter than 3.5 hours, method of 90% tidal period as monitoring time is approached.

 & Due to safety concern for sampling event in night-time, method of 90% tidal period as monitoring time is approached and end at 1900.
