| Absence of White-bellied Sea Eagle during a whole day of monitoring. | Inform audit team.  
Increase monitoring frequency to daily.  
Inform site engineer and contractor.  
If the absence remains:  
• Review construction activities and noise monitoring records of the associated period;  
• Identify potential causes of the absence;  
• Propose remedial measures, such as change of construction method and sequence;  
• Confirm the feasibility of the proposed remedial measures with site engineer and contractor;  
• Discuss with environmental team about the effectiveness of the proposed remedial measures. | Implement the agreed remedial measures. |
